

## Menu of Services for Oregon Public School Districts

*Oregon's school districts are charged with providing a high-quality education for all of their students. Public charter schools and private and public alternative programs are some of the ways in which the educational needs of a diverse student population can be met. Districts are responsible for the oversight and accountability of all the educational options within their boundaries. NWCEO has developed a wide range of tools and resources to assist districts in ensuring their students are receiving a high-quality education.*
